

2/10 Please do not weaken New Jersey's great "Do Not Call" protection. Instead of waddling my overweight 61 year-old body to the phone after a challenging day of teaching middle school special education students, I can relax in the evenings. When the phone rings I now know it is a friend or family member and not a telemarketer. PLEASE KEEP NEW JERSEY'S STRONG DO NOT CALL ACT. Sincerely, Mary E. Cafarelli, registered NJ voter
